W.P.(C)NO.17412 OF 2007

DATED THIS THE 29th DAY OF JUNE, 2007

JUDGMENT

The petitioner is the owner of a crusher unit. On account of complaints, the respondents have interfered and directed the petitioner to make some alterations in the machinery used by the petitioner. The petitioner submits that he has effected all the alterations as directed by the respondents. The petitioner now seeks a direction to the respondents to conduct an inspection of the petitioner's premises and machinery and take further steps in accordance with law expeditiously.

2. I have heard the learned standing counsel for the Pollution Control Board. In the facts and circumstances of the case, I direct the respondents to conduct an inspection of the petitioner's premises to ascertain whether the petitioner has complied with the directions earlier issued and take appropriate steps in accordance with law as expeditiously as possible, at any rate, within two weeks from the date of receipt of a copy of this judgment.

The writ petition is disposed of as above.
